A new comment has been submitted at socotransmission.com.

COMMENT

Meeting Attended:

I was not able to attend a meeting

Important Issues:

Noise, Health and Safety, Visual / Aesthetic Resources, Proximity to Residences

Property Uses:

Agriculture, Residential

Comment:

Our house is in the middle of the Alamosa Ranch property on North River Road. We would prefer that the scenic beauty of the area not be changed by having the power line run through that area.

Running the new line along side existing lines on state highway 17 might make sense since it shouldn't be anything very different than is already there.

I-112-001: Visual and Aesthetic (In Review)

Your email/letter/comment form has been received and your comment noted. Potential impacts to visual and aesthetic resources from the proposed project and mitigation measures will be addressed in the Environmental Impact Statement.

The Environmental Impact Statement is anticipated to be completed in late 2010 and will be available at

<http://www.usda.gov/rus/water/ees/ea.htm>.
